## CLEENSLEEVE™

AUSTRALIA PATENT No. 677522

" *CLEENSLEEVE™* The unique patented dual layer design is ideal for preventing any fluid or other material coming in contact with the arm or running down the sleeve onto the hands. The outer layer is constructed from strong non-woven fabric which rapidly absorbs blood, body secretions and fluids as well as chemical solutions, paint and oil.

- Multi Purpose
- Disposable
- Absorbent
- Protective

## Lineze™ Disposable

LINEZE ® is a range of non-woven bedding , it is an alternative to normal linen. The disposable LINEZE range is designed to fit standard beds in hospitals/nursing homes. It is for single patient use while it reduces the risk of cross contamination and infection in patients & healthcare workers. Soiled linen handling is also minimized. It significantly reduces the laundry cost while providing improved hygiene for users

- Disposable
- Biodegradable
- No laundry cost
- No washing or handling
- No folding or ironing
- Reduce hazards from handling linen
